

FREE API ACCOUNT | skillsengine.com/services

SkillsEngine announces

Competency API

Help clients
convert
unstructured
text into
high-quality
skill data
for any
application

Four easy steps to improve
job & candidate matching

- 1.** Collect job postings, résumés, and other skill-related data
- 2.** Use SkillsEngine to analyze text & break it into related skill elements
- 3.** Put Competency API to work organizing and ranking data
- 4.** Solve skills gaps by empowering individuals & aligning educators

SkillsEngine™

EMPOWER. ALIGN. FUEL.

SkillsEngine™

Proud affiliate of Texas State Technical College
& The Center for Employability Outcomes

We Build Promise

50 years of connecting
people, education and industry
to foster job and community growth

Download the free Competency API
and start building promise for your community
