Welcome guests with a lovely spring wreath on the front door. Purchase a colorful premade one, or get crafty and make your own. Faux flowers paired with flowing ribbons or other decorative touches, such as butterflies, in cheerful hues will celebrate spring's arrival.

Consider adding bouquets of silk flowers around your home. Craft and home decor stores have plenty of offerings, and nothing says spring like bountiful blooms.

Bring the outdoors inside with a spring herb garden. Use small white ceramic pots, or choose tin, if you're going for a farmhouse look. Fill with culinary herbs such as basil, rosemary and mint. Make sure the containers you choose have holes in the bottom for good drainage.

Spring is a good time to change out the textiles in your living room. Throw pillow covers, for example, can be easily swapped with seasonally appropriate covers. Put your heavy, wintery couch blanket in storage in favor of a thinner, perhaps colorful, throw.
